

SMS Interworking Abkommen

Um unsere Kunden vor Belästigungen durch unerwünschte SMS zu schützen hat sich mobilkom austria entschlossen, den SMS Empfang aus ausländischen Netzen nur mehr aufgrund von speziellen Vereinbarungen zuzulassen.

Wir haben bereits mit einem Großteil der europäischen Netzbetreiber solche Vereinbarungen (Interworking Verträge) abgeschlossen und sind bestrebt, so rasch wie möglich weitere Verträge mit allen noch verbleibenden Netzbetreibern abzuschließen.

Diese Übersicht enthält eine Liste aller Provider mit denen ein Roamingabkommen besteht. In der Spalte Interworkingvertrag ist ersichtlich, ob mit dem jeweiligen Betreiber auch ein Interworkingabkommen existiert, welches zum Austausch von SMSen über Providergrenzen hinaus notwendig ist.
